11" C Line Heavy Duty is Available on Special Run.

## SUGGESTED DIE-CUTS FOR CARRYING HANDLES

*Correct spacing depends on thickness and number of layers of board being used.*

*Make all die-cuts as small as possible, allowing for ease of insertion of handle.*

*Do not oversize as this will tend to weaken carrying area and permit handle to pull out.*

**CONSULT YOUR PACKAGING DESIGNER FOR YOUR SPECIFIC APPLICATION**

## CALL KELFORD FOR ALL YOUR PACKAGING & SHIPPING SUPPLIES
